**Even in challenging times we can smile and work effectively!!**

## 2<sup>nd</sup> Transnational Meeting

The meeting was held virtually, due to the difficult circumstances that we are all living, as COVID has affected the whole planet.

Instead of travelling to Greece, we met online. Nevertheless, thanks to the technological tools and the good will of all partners, the meeting was very successful. Partners from Italy, Greece, France, Cyprus, Portugal and Romania were able to discuss about the activities carried out so far and the future steps.

The meeting was mostly focused on the dissemination process of all activities and the deliverables of ESE project, in order to raise awareness and inform interested parties of the importance of Social Entrepreneurship.

Go for SOCIAL ENTERPRISING

Social enterprises are organizations located between the public and private sectors, although they operate on a commercial basis, they pursue the primary objective of serving the communities in which they are located. Their activities include the creation of employment opportunities for people who might otherwise be unemployed.
